Stax

Designed with a low-profile frame and ergonomically contoured shell, the versatile stax chair is linkable and stackable. A popular choice for conference, training or lunchroom needs.

15 YEAR WARRANTY ★★★★★

FEATURES

- Strong, rigid frame with large seat and back moulded for comfort.
- Robust, easy clean polypropylene shell available in grey or black.
- Perforated patterned backrest allows for air flow when seated for periods of time.
- 12mm solid rod, sled style frame finished in Black powdercoat - links and stacks for high functionality.
- Chair feet double as connectors - connect together in a line to create structured seating in a conference room.
- Space saving – stacks up to 30 chairs high on trolley.
