

# Conexion

Be creative and customise your collaborative spaces with Conexion. Create quiet areas or areas to encourage communication. Conexion's modular structure makes it easy to mix and match and develop small, large or even multiple settings. Pick from our standard items or select from individual pieces to create your layout.

## FEATURES

- Modular ottomans and bench seating for flexible, collaborative spaces, move and assemble to create a different look.
- Cluster together or use as stand-alone pieces.
- Seating upholstered in Granite Grey with panels and Cube Large cushion upholstered in Dove Grey quilted fabric.
- Sound absorbing, noise-reducing screens with bevelled edges and detailed cross-stitching on seams.
- Use to partition spaces or encourage communication with inspirational layouts.
- Booth and Bench steel frame finished in black powdercoat with matching leg sets for coffee tables.
- Add optional armrests to 1, 2 and 3 seaters with backrest.
- USB modules available in Cube and Bench seating (cable approx 1m in length from side of unit).
- Additional cushion accessories not included, please enquire with sales team about possible cushion options.
