

# Ignite

The Ignite chair embodies a smart, classic executive aesthetic with a perfect balance of style, comfort, and functionality. It features high-comfort cushioning and comes in both highback and midback options to suit diverse needs. The tailored PU upholstery enhances its refined look, while the synchro mechanism offers dynamic back-and-seat tilt for ergonomic support. The Ignite chair delivers executive-level comfort and functionality, for any workspace.

## Features

A smart and classic aesthetic that complements professional workspaces.

High-comfort cushioning for superior support during long hours.

Versatile backrest options - available in both highback and midback designs to suit individual preferences.

Tailored sleek and durable PU upholstery for a refined, professional look.

Synchro mechanism enables synchronised backrest and seat tilt for optimal movement and posture support.

Gas lift mechanism allows smooth and precise height adjustment.

Tilt tension adjustment to tailor the reclining experience to your needs.

Polished aluminium arms with PU pads for added comfort.

Polished aluminium base with hooded 50mm castors for stability and smooth mobility.

Available in KD (knock-down) for 48-hour dispatch.
