

Studio50 Screens

A dynamically simple office-partition solution. This office partition system is easy to lift, easy to install and quick to produce and deliver. Entirely designed and created by the Knight Group product development team. These light-weight and easy to manoeuvre partitions employ an innovative extruded-aluminium frame that effortlessly slides together and automatically locks into position.

FEATURES

- 1 person lift and install - Studio50 is a dream to install and re-configure. Shedding many of the cumbersome components of conventional screen systems.
- The core and frame are 100% recyclable and hand built here in New Zealand.
- 50mm extruded aluminum frame with auto-locking connection.
- Studio 50 screens are pinnable and can be upholstered in any fabric of your choice making it easy to add colour to your office space.
- A wide range of glazing options available.
- The generous cable management cavity is designed to accommodate Category 6 wiring and can be placed above or below the desks.
- Straightline, 90° or 120° configurations.
- Install options include integrated desking, desk mounted screens, as well as freestanding and mobile partition options.
- Built to last with super strong build with serrated flathead fixings made from high quality carbon steel.
- Studio50 stands on an adjustable levelling glide with 35mm travel allowing plenty of room to work on uneven floors.
- Screen dimensions larger than 1200 high will require a transom. Standard transom height is set at 1200 high unless otherwise specified.
